INTERGOVERNMENTAL AGREEMENT

THIS INTERGOVERNMENTAL AGREEMENT made this ___ day of _____ 2017, and hereinafter referred to as the "Agreement," by and between the State of Colorado for the use and benefit of the COLORADO DEPARTMENT OF TRANSPORTATION ("State" or "CDOT"), and the Enter Local Agency Name, COLORADO, CDOT vendor # 2000036 ("Local Agency"), each of which may also be referred to herein individually, as a "Party" and collectively as the "Parties."

This Agreement shall not be effective or enforceable until it is approved and signed by the Governor of the State of Colorado or the Governor's designee and an authorized signatory of the Local Agency ("Effective Date").

RECITALS

1. The Local Agency has constructed permanent water quality (PWQ) facilities per the CDOT Multiple Separate Storm Sewer System ("MS4") program and per the executed construction intergovernmental agreement ("IGA") by both Parties.

2. Required approval, clearance and coordination have been accomplished from and with appropriate agencies.

3. CDOT and Local Agency desire to enter into this Agreement to delineate their responsibilities for operating and maintaining the PWQ facilities associated with the Local Agency's Stormwater PWQ Facilities. CDOT understands and agrees that the Local Agency is willing to assume maintenance obligations for all PWQ facilities under this Agreement.

4. CDOT confirms that it has the authority to enter into this Agreement and that no state or federal laws or regulations have been violated by entering into this Agreement. CDOT's authority to enter into this Agreement exists pursuant to CRS § 43-2-101(4) (c) and CRS § 43-2-104.5. Required approvals, clearance and coordination have been accomplished from and with appropriate agencies. These recitals are hereby incorporated into the terms of this Agreement.

5. The Local Agency has the resources to perform the desired maintenance on the PWQ facilities that it is responsible for maintaining per this Agreement;

6. "MS4": A conveyance or system of conveyances (including roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains):

   a. owned or operated by a state, city, town, borough, county, parish, district, association, or other public body (created by or pursuant to state law) having jurisdiction over disposal of sewage, industrial wastes, stormwater, or other wastes, including special districts under state law such as a sewer district, flood control district or drainage district, or similar entity, or an Indian tribe or an authorized Indian tribal organization, or a designated and approved management agency under section 208 of the Clean Water Act ("CWA") that discharges to waters of the United States;

   b. designed or used for collecting or conveying stormwater;

   c. which is not a combined sewer; and

   d. which is not part of a Publicly Owned Treatment Works (POTW). See 5 CCR 1002-61.2(62).

7. "Drainage Facilities" refers to the permanent facilities and improvements intended to capture, detain, convey, reduce and/or manage stormwater runoff. Examples include, but are not limited to, stormwater drain inlets and pipes, flood-control-only facilities, water control facilities designed for non-MS4 purposes (whether to meet TMDL/TMAL requirements or that do not meet MS4 design criteria), PWQ Stormwater Conveyance Facilities, and PWQ Facilities. Also referred to as Stormwater Facilities, Storm Drainage Systems or Facilities, or Storm Sewers.

8. "Operation & Maintenance Manual" (O&M) refers to any owner's manual and/or guide incorporated into **Exhibit A** hereto that addresses how the PWQ Facilities should operate and how to maintain them.

9. "PWQ Stormwater Conveyance Facilities" refers to the collection and conveyance systems, including inlets, catch basins, pipelines, and open channels that are used to transport stormwater to or from PWQ facilities. Any conveyance beyond the PWQ Stormwater Facility outfall (i.e. beyond the outlet structure) is in the PWQ Stormwater Conveyance Facilities.

10. "PWQ Stormwater Access Facilities" consist of the surface improvements such as fencing, security gates, and access roads which are needed to operate and maintain the PWQ facilities.

11. "PWQ Facilities" are stormwater facilities that are intended to provide water quality benefits and are specifically used to meet water quality requirements as outlined in the Colorado Discharge Permit System (CDPS).

12. The "PWQ Facilities," "PWQ Stormwater Conveyance Facilities," and "PWQ Stormwater Access Facilities" are collectively referred to as "Facilities." This does not include "Drainage Facilities."

13. "Stormwater" shall mean stormwater runoff, snow melt runoff, and surface runoff and drainage. See 5 CCR 1002-61.2(103).

14. "Stormwater Facilities" collectively refers to "drainage facilities" and "permanent water quality facilities".

15. It is the intent of this Agreement that all Facilities listed in **Exhibit A** will be maintained by the Local Agency.

THE PARTIES NOW AGREE THAT:

Section 1. Scope of Work

The Local Agency will maintain the Facilities as depicted in **Exhibit A**. Such maintenance by the Local Agency shall be conducted in accordance with all applicable statutes, CDOT MS4 requirements, applicable legal requirements, ordinances and regulations, and the O&M, which define the requirements to maintain the Facilities during their useful life. Maintenance shall include routine landscaping, sediment removal, oil and other chemical removal, trash removal and minor structural repairs of the Facilities as necessary to meet the requirements of this Agreement. The Local Agency will make proper provisions for such maintenance obligations each year.

Section 2. CDOT Commitments

CDOT will be responsible for the following:

A. In the event that safety concerns are identified relating to the Facilities, CDOT will partner with the Local Agency and any other affected local jurisdictions to identify the appropriate response to maintain safe and functional Facilities. In implementing that appropriate response, improvements that are not the normal and routine operations and maintenance responsibility of the Local Agency, including reconstruction of the facilities, shall be the responsibility of the Parties pursuant to CDOT Updated Procedural Directive 501.1, Requirements for Storm Drainage Facilities and Municipal Separate Storm Sewer System Facilities (MS4), effective April 22, 2016.

B. In the event the Facilities fail due to surpassing their life cycle as outlined in the O&M, the Parties will be responsible for improvements that are not covered by routine operations and maintenance responsibilities of the Local Agency, including reconstruction of the Facilities, per CDOT Updated Procedural Directive 501.1, Requirements for Storm Drainage Facilities and Municipal Separate Storm Sewer

System Facilities (MS4), effective April 22, 2016. Only after funding for the improvement has been identified and obtained may the Parties perform major reconstruction or capital improvement of the Facilities, if necessary, per CDOT Updated Policy Directive 501.1, Requirements for Storm Drainage Facilities and Municipal Separate Storm Sewer System Facilities (MS4), effective April 22, 2016.

C. CDOT (and FHWA, if applicable) will make periodic inspection of the Facilities to verify that they are being adequately maintained and will report required and recommended maintenance items to the Local Agency. CDOT may issue a written notice to cure deficiencies in the event the Local Agency fails to inspect, report, or properly maintain the Facilities identified in **Exhibit A**. In the event the deficiencies so noticed to the Local Agency are not remedied within three (3) months after said written notice from CDOT to the Local Agency, CDOT may take whatever steps CDOT deems necessary to maintain the Facilities. The Local Agency shall reimburse CDOT its actual and documented costs for such maintenance and repair work including labor, equipment, supplies and materials. If CDOT repairs any deficiencies, it is under no obligation to maintain or repair in the future.

D. CDOT will require inspection documentation from the Local Agency every year of the useful life and operation of the Facilities identified in **Exhibit A** attached hereto. The State (and FHWA, if applicable) will make periodic inspections of the Facilities to verify that they are being adequately maintained.

E. CDOT agrees it will not remove or alter the Facilities in such a way that reduces the documented treatment area as originally constructed. Should CDOT modify the Facilities to add additional treatment area, the changed treatment area shall be documented via a drainage report. CDOT may perform major reconstruction or capital improvement of the Facilities, if necessary, only after funding for the improvement has been identified and obtained per CDOT Updated Policy Directive 501.1, Requirements for Storm Drainage Facilities and Municipal Separate Storm Sewer System Facilities (MS4), effective April 22, 2016. Prior to commencing any reconstruction activities, CDOT shall coordinate with the Local Agency to minimize impacts to landscaping enhancements that were installed by the Local Agency. CDOT will not be responsible for replacing any enhanced landscaping or irrigation installed by the Local Agency. Any fines levied against CDOT or the Local Agency shall be the responsibility of the Party whose action or inaction is the cause of the fine, regardless of which Party the fine is levied against.

Section 3. Local Agency Commitments

The Local Agency will be responsible for the following:

A. The Local Agency will maintain and operate the Facilities and associated improvements identified in **Exhibit A** attached hereto to ensure that the Facilities are and remain in proper working conditions in accordance with all applicable statutes, the Local Agency's and CDOT's MS4 requirements, applicable legal requirements, ordinances and regulations, and the O&M (if any), which define the Local Agency's obligations to maintain such improvements during their useful life. The identified Facilities shall be maintained by the Local Agency at its own expense, unless otherwise agreed to by all Parties in writing. CDOT agrees to grant the Local Agency entrance upon CDOT's right of way ("ROW") for the purpose of performing the maintenance activities provided the Local Agency first obtain a special use permit from CDOT. Maintenance shall include routine landscaping, sediment removal, oil and other chemical removal, trash removal and minor structural repairs of the Facilities as necessary to meet the requirements of this Agreement.

B. The maintenance of the Facilities shall be performed in accordance with all applicable O&M (if any) for each specified Facilities.

C. The Local Agency shall inspect the Facilities identified in **Exhibit A** attached hereto at the Local Agency's expense per the recommended frequency in the O&M (if applicable) for the Facilities, but in any case not less than annually. The inspections shall be performed by a person experienced in the inspection of stormwater facilities. Inspections must ensure proper Facilities function and compliance with the most stringent MS4 permit requirements. Inspection reports shall be submitted in writing by the Local Agency to the CDOT PWQ Manager by December 31st of each year for the Facilities that receive flows from CDOT ROW. Any inspection form may be used if it is acceptable by agreement of the Parties and meets CDOT's MS4 permit requirements. The Local Agency agrees to report maintenance activities to CDOT along with the inspection reports. The State and FHWA will make periodic inspections of the project to verify that such improvements are being adequately maintained.

D. In the event the Local Agency fails to inspect, report, or properly maintain the Facilities identified in **Exhibit A**, CDOT may issue a written notice to cure such deficiencies. In the event the deficiencies are not remedied within three (3) months after written notice of such deficiencies from CDOT to the Local Agency, CDOT may take whatever steps CDOT deems necessary to maintain the Facilities. The Local Agency shall reimburse CDOT its actual and documented costs for such maintenance and/or repair work including labor, equipment, supplies and materials. If CDOT remediates any deficiencies, it is under no obligation to maintain or repair in the future. The Local Agency, its successors and assigns shall hold harmless CDOT, its agents and employees from any and all damages, accidents, casualties, occurrences or claims which might be asserted against CDOT arising out of or resulting from the construction, presence, existence, maintenance or use of the Facilities by the Local Agency.

E. The Local Agency shall, during the term of this Agreement, be permitted to enter upon CDOT's right of way ("ROW") for the purpose of performing the maintenance activities provided the Local Agency first obtains a special use permit from CDOT. The Local Agency shall comply with and perform all requirements and provisions of the special use permit, including but not limited to those relating to access, safety, and traffic control, and shall restrict access to the ROW to only those persons and equipment necessary to perform the work described in this Agreement. The Local Agency and its agents, employees and contractors shall not use the mainline roadway of any State highway or any portion of the shoulder thereof as means of ingress or egress to and from the Facilities with respect to any task to be performed by the Local Agency pursuant to the terms of this Agreement.

F. The Local Agency agrees it will not remove or alter the Facilities in any way that reduces the documented treatment area as originally constructed. Should the Local Agency modify the Facilities to add additional treatment areas, the changed treatment area shall be documented via a drainage report provided by the Local Agency to CDOT within the calendar year any such modification is completed by the Local Agency. Notwithstanding anything in this Agreement to the contrary, the Local Agency, in its sole discretion, may expand or increase the capacity of the Facilities and landscape the area as determined by the Local Agency.

G. Any fines levied against CDOT as a result of the Local Agency's failure to comply with the terms of this Agreement shall be the sole and absolute responsibility of the Local Agency or its successors.

Section 4. Term and Termination Provisions

A. This Agreement shall not be effective until executed by both Parties. The maintenance obligations of the Local Agency under this Agreement shall commence on the date of the final written acceptance of the Facilities by CDOT and will remain in effect until this Agreement is terminated by mutual, written agreement of the Parties hereto or in accordance with the provisions of **Section 4.** B.

B. Termination for Cause. If, through any cause, either Party shall fail to fulfill its obligations under this Agreement, or if either Party shall violate any of the covenants, conditions, agreements, or stipulations of this Agreement, the non-defaulting Party shall thereupon have the right to terminate this Agreement for cause by giving written notice to the other Party of its intent to terminate and providing at least thirty (30) days from the date of the notice within which to cure the default, unless the other Party can within said thirty (30) days reasonably show cause why termination is not appropriate.

Section 5. Legal Authority

The Parties hereto hereby warrant that each possesses the legal authority to enter into this Agreement and that each has taken all actions required by its respective procedures, rules, regulations, and/or applicable law to exercise that authority, and each has lawfully authorized its undersigned signatories to execute this Agreement and to bind each to its terms. The person(s) executing this Agreement on behalf of each Party warrants that such person(s) has full authority to execute this Agreement. Local Agency may evidence such authority by an appropriate ordinance/resolution or other authority letter expressly authorizing Local Agency to enter into this Agreement. A copy of any such ordinance/resolution or authority letter is attached hereto as **Exhibit B**.
